a. **Proposal :**

Approval w.r.t Broad Banding of items for warehouse activity in the existing Letter of Approval of **M/s. Mascot International Private Limited**.

b. **Specific Issue on which decision of AC is required: -**

Approval w.r.t. Additional (Broad Banding) of list of items for Trading activity in their existing Letter of Approval.

c. **Relevant provisions of SEZ Act, 2005 & Rules, 2006/Instruction/ Notification :-**

Proviso 2 of Rule 19(2) of SEZ Rules, 2006 – "Provided that the Approval Committee may also approve proposals for broad-banding, diversification, enhancement of capacity of production, change in the items of manufacture or service activity, if it meets the requirement of Rule 18."

d. **Other Information: -**

1.	**Letter of Approval No. and Date**	SEEPZ/NEWSEZ/JNPA-SEZ/MIPL/98/2025-26/11924 dated 23-09-2025
2.	**Item(s) of manufacture/services**	Services: Trading activity- various FMCG Products under chapter 33 & 34.
3.	**Present location**	Warehouse No. 2, NSBP-FTWZ located at JNPA SEZ at Plot No. 406, Sector-04, Village-Savarkar, Taluka Uran, Dist.-Raigad
4.	**Date of commencement of production**	Yet to commence
5.	**LOA Valid upto**	22/09/2027
6.	**Whether the unit has submitted Form F3?**	No
7.	**Revision of Projections**	There is no revision in projections.

8.	**Verification report from the Specified officer**	The proposal for broad-banding of the items was forwarded to the Office of the Specified Officer, JNPA-SEZ, vide letter dated 07.09.2026 for verification and comments. The verification findings have since been recorded on file. As reported during the examination of the proposed broad-banding list: (i) On scrutiny of the proposed broad-banding list with reference to the details available on ICEGATE, it was observed that certain entries contain blank or "#N/A" HSN/CTH Codes. In the absence of valid HSN/CTH Codes, the applicable Import Policy and other regulatory requirements in respect of such items cannot be conclusively verified. The unit may, therefore, be advised to furnish the correct HSN/CTH Codes for further examination/verification. (ii) In respect of the remaining items for which valid CTH/HSN Codes are available, the items have been found to be covered under the "Free" Import Policy, subject to fulfilment of applicable policy conditions and compliance with other statutory/regulatory requirements, including requirements under Allied Acts, wherever applicable. (iii) Accordingly, the items having valid CTH/HSN Codes may be considered subject to applicable conditions/restrictions prevailing at the time of import. The entries having blank/"#N/A" HSN/CTH Codes may be considered only after submission and verification of the correct classification. The above details may be considered by the Approval Committee while considering the proposal.

Proposal & Reason: Broad Banding of Letter of Approval to include items as an Authorized operation:

The unit has stated that –

The unit has stated that it was approved vide Letter of Approval **F. No. SEEPZ/NEWSEZ/JNPT-SEZ/MIPL/98/2025-26/11924 dated 23.09.2025** for carrying out the authorised activities i.e. **Trading activities of various FMCG products (Personal Care Products, Health, Beauty & Wellness, Cosmetics & Toiletries)** at Warehouse No. 2, NSBP FTWZ Co-developer located at JNPA-SEZ, Village Sawarkhar, Taluka Uran, District Raigad, Maharashtra.

The unit has stated that due to regulatory requirements mandating the use of the **newly notified HSN codes**, several customers who are otherwise fully prepared for onboarding are facing delays and their import consignments are already in the pipeline. The unit has further stated that the **non-updation of the revised HSN codes in its existing LOA** has created a procedural bottleneck.

The unit has stated that, as a consequence, it is currently **unable to file Bills of Entry (BoE) in ICEGATE and proceed with the associated customs clearance processes**, directly affecting supply chain timelines and compliance adherence. The unit has further stated that timely updation of the LOA with the new HSN codes is essential to avoid disruptions, demurrage and operational escalation.

The unit has further submitted that it has **sufficient projection balance to meet the investment cost requirements for exports, investments, and employment in relation to the proposed expansion of space.**

Approved projections as per LOA:-

Particulars (Rs. in Lakhs)	1st Year	2nd Year	3rd Year	4th Year	5th Year	Total

FOB Value in First Five Years	735.00	840.00	945.00	1155.00	1260.00	4935.00

Net Foreign Exchange Earning for the First Five Years	34.00	38.50	43.00	52.50	57.00	225.00

There is No Revision in Projections

They have confirmed that there is no revision in the projections for export, investment, employment, or any related metrics in connection with the proposed expansion of Broad banding.

e. **Recommendation:**

The proposal of M/s. Mascot International Private Limited, located at NSBP-FTWZ, JNPA-SEZ, for broad-banding of additional items under its existing Letter of Approval is placed before the Approval Committee for consideration in terms of the proviso to Rule 19(2) of the SEZ Rules, 2006, read with Rule 18 thereof.

The unit has submitted that inclusion of the proposed items/HSN codes in its existing Letter of Approval is required to facilitate its proposed trading operations and enable processing of import consignments through ICEGATE. The unit has further confirmed that no revision in the existing projections of exports, investment and employment is proposed.

The proposal has been examined with reference to the verification findings of the Specified Officer, JNPA-SEZ. As reported, the items having valid HSN/CTH codes are covered under the Free Import Policy, subject to applicable policy conditions and compliance with relevant statutory/regulatory requirements. However, certain entries contain blank, incomplete or "#N/A" HSN/CTH codes, for which the applicable Import Policy and other requirements could not be conclusively verified.

In view of the above, the Approval Committee may consider approval of the proposed broad-banding in respect of items having valid and verified HSN/CTH codes, subject to compliance with the prevailing Import Policy, applicable conditions under Allied Acts and other statutory/regulatory requirements.

The entries having blank, incomplete, "#N/A" or otherwise doubtful HSN/CTH classifications may be excluded from the approved list at this stage and considered subsequently upon submission of correct particulars and verification by the Specified Officer.

The proposal is accordingly submitted for consideration and appropriate decision of the Approval Committee.
