MINUTES OF THE TENDER EVALUATION COMMITTEE 06.10.2021

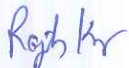

With reference to the tender for the work- "Tender for Cleaning, Removing and Disposal of Sludge from open/close Gutters, Sewerage/Drainage lines, STP and Septic Tanks" the schedule date and time of opening of tender was on 05.10.2021 at 04.00 p.m.

The tender was not opened as per schedule as 4 firms had requested for extension in bid submission due to technical problem being faced by them in uploading the documents on CPP Portal.

However the extension could not be uploaded before the schedule date and time of opening of tender as required on the CPP Portal. The Competent Authority vide email dt. 06.10.2021 at 3.16 p.m. suggested that the tender be opened with whatever tenders have been received as extension is not technically possible.

The meeting of tender committee was convened in the 2nd floor conference hall and all members were present. In the meeting, the Public Procurement Consultant was also connected online for his suggestions, if any. The PP consultant suggested to all the Tender Committee members, that, in order to avoid complaints, new bid opening date and time be formally notified on SEEPZ website so that the process is completely transparent.

The Tender Committee also observed that 5 bids have been submitted for the subject tender and adequate representation has been received for this tender. Therefore tender committee unanimously recommends that despite emails from the 4 firms, the e-tender may be opened on 07.10.2021 at 11.00 hrs and a corrigendum to this effect may be uploaded on SEEPZ website.
