1	Shri B. Ajay Kumar Specified Officer	Pune Cluster-SEZ, Pune

Agenda Item No.01: Confirmation of the Minutes of the 40th meeting held on 07.01.2020

After deliberation, the Committee confirmed the minutes of the 40th meeting of Approval Committee held on 07.01.2021.

Agenda Item No. 02: Application for additional list of services by M/s. Datwyler Pharma Packaging India Pvt. Ltd.

The Committee noted that unit submitted their request for additional services as 'Rubber Product Manufacturing Services' in the UAC held on 07-01-2021 which was deferred with direction to the unit to make an appropriate category of the services required by them. In light of that, Committee discussed

the revised proposal of the unit for approval of additional services under the category 'Other Services not elsewhere classified' under SAC Code 999799 required for Gamma Irradiation of their product 'Rubber Stopper'. The committee held the view that the services 'Other Services not elsewhere classified.' is very broad classification and covers various type of services which is not specifically classified in any other category. Further, the Committee noted the services required by the unit is basically a job-work for manufacturing of their goods and the default list of services approved by MOC&I does not cover specific type of work which falls under the category of job-work, and mostly covers list of services which is by and large required by most or all of the units whether in manufacturing or in IT sector.

As such, after deliberation, the Committee rejected the proposal of the unit for approval of additional services.

Agenda Item No. 03: Application for the retrospective effect to the additional list of services approved by the UAC w.r.t. the services 'Hazardous Waste Treatment & Disposal Services w.e.f. 01.07.2017'

The Committee discussed the request of the unit for grant of retrospective effect to the approval given by the Approval Committee meeting held on 17.06.2020 for approval of additional services viz. 'Hazardous Waste Treatment & Disposal Services'. The Committee held the opinion that there is no provision in the SEZ Act / Rules to grant any approval with retrospective effect.

In view of above, after deliberation, the Committee rejected the proposal of the unit for grant of retrospective effect to the approval granted for additional services i.e. 'Hazardous Waste Treatment & Disposal Service' granted by the UAC in its meeting held on 17.06.2020.

Meeting ended with a vote of thanks to the Chair.
