No. SEEPZ-SEZ/EMS/GEN/127/2003-04 / 02883

07th February, 2020

CIRCULAR NO. 12 / 2020

SUB: Undressed/loose/hanging Optical Fiber Cable in SEEPZ-SEZ Premises

Attention is invited to the undressed/loose/hanging optical fibre cables laid by service provider in various areas of SEEPZ Premises and not placed on the designated trays.

On inspection of the Zone, it is noticed that in many locations bunch of cables are coming out of the trays and hanging on the walls. Cable Trays meant for housing the cables are also getting unhooked/unfastened from the walls and falling on the ground. Cables passing through gutters/drains are blocking flow of water as a result of which water is spilling over all around on the ground instead of drain. Such Cables need re-routing in order to avoid blocking flow of water.

Excess quantity of cable is found coiled and dumped at various places in the corners of the buildings. Loose and dumped cables are giving very shabby look and spoiling aesthetic ambience of SEEPZ area.

In view of above, all the Unitholders are hereby advised to take immediate action to dress, tie and fasten/secure loose/untidy/hanging/scattered cables properly on trays/across the wall. Twisted/broken trays are also required to be repaired/ straightened and fixed along the walls.

Further bunch of cables passing through gutter/drains are required to be re-routed through alternate trench/duct in order to provide free passage to the rain water.

All Unit holders are directed to initiate action with the help of service provider in respect of laying/scattered cables within 30 days, failing which, the cables & wire will be disconnected without prior notice.

(Keshav Jadhav)
Estate Manager/ADC,
SEEPZ-SEZ Authority
