**Agenda Item No. 02: Application for Renewal of LOA of M/s. Hindalco-Almex Aerospace Ltd.**

After deliberation, Committee observed that unit did not applied for renewal of LOA within the prescribed timeline under SEZ Rule 19 (6). After hearing the representative of unit, Committee condoned this delay.

**Table Agenda Item No. 01: Application of M/s. Cosmo Film Ltd. for grant of permission for operation of Solar Power unit of 2MW capacity at SEZ unit premises on ‘install, operate & ownership” basis by M/s. Cleantech Solar Energy (India) Pvt. Ltd. without taking any duty benefits towards setting up solar power plant.**

Committee observed that unit made request for granting them permission for operation of solar power unit of 2MW capacity at their SEZ premises on install operate & ownership basis by M/s Cleantech Solar Energy (India) Pvt. Ltd. Unit is not claiming any duty benefit for this. Committee also noted that MOC&I has issued Instruction no. 66 dated 27.10.2010 for energy conservation in SEZ which encourages such activities. However committee also observed that MOC&I has issued a guideline for power generation, transmission and distribution in SEZ on 16.02.2016 wherein it has been provided that non-conventional power plant can be set up in the processing area as a unit only subject to NFE obligation.

Committee observed that there is no clarity in the power guideline dated 16.02.2016 for those cases where unit/developer is not taking any duty benefit for either setting up or running such non-conventional power plant.

In view of above committee decided that a clarification from MOC&I may be obtained. Whether a unit or developer can establish a solar or non-conventional power generation system for their captive use (not as a separate unit), when they are not claiming any duty exemption benefit.

Meeting ended with a vote of thanks to the Chair.
