After deliberation, the Committee confirmed the minutes of the 45th meeting of Approval Committee held on 29.03.2022

Agenda Item No. 02: Request of M/s. Envipro Engineering Pvt. Ltd. for Revision in Projections

The Committee observed that though the unit has sought for enhancement of their procurement of Imported and Indigenous Capital Goods as well as raw material and Indigenous Services, there is a steep increase in their Export projections, whereas there was NIL export in FY 2020-21.

The Unit representative explained that due to Covid-19 lockdown and restrictions, they could not manufacture or finalize any orders. The unit representative also informed that though they had manufactured goods in FY 2021-22, however due to sudden increase in the Shipping Charges, they could not clear the said consignment, and as on date they have received good orders, based on which they have submitted the revised projections for enabling them to procure additional capital goods and raw material for manufacturing of their final product.

After deliberation, Committee approved the proposal of the unit for Revision in projections in terms of Rule 19(2) of SEZ Rules, 2006, as detailed below :
