EMG Automation India Pvt Ltd is a subsidiary of EMG Automation GmbH, which is located in Wenden, Germany.

EMG Automation India Pvt Ltd is responsible for sales and after sales services in the territories of Indian Sub-continent and Africa Continent (excluding South Africa). EMG is an expert in automation technology, guiding systems, that caters to metals industry, particularly steel, aluminium and copper. Some of the EMG products also cater to wide spread industries such as mining, cement, automobile, port and shipping.

EMG supplies automation products inclusive of mechanical, electronics and software components, which help to enhance production capabilities across various industries. They are also pioneers in niche quality assurance products that cater to specific areas in the steel and automobiles sectors.

EMG products have been catering to customers all over the world since 1946. EMG India Automation Pvt Ltd was incorporated in 2008 but has been catering to Indian Market since 1993, as a part of BST eltronet (erstwhile BST Sayona Automation Pvt Ltd) in the past.

EMG commands a market share of more than 70% worldwide in the segment of strip guiding system. In India, EMG Automation India Pvt Ltd has been maintaining a market share of more than 80% over the last few years.

EMG products are functional at all major steel sector customers worldwide such as ArcelorMittal, Thyssenkrup, Nippon Steel, POSCO, Baosteel China, JFE Steel, JSW Steel, SAIL, Tata Steel, etc.

EMG Automation India Pvt Ltd intends to use the facilities at FTWZ to carry out various activities such as warehousing and value added Services for both domestic as well as export market. As EMG Automation India Pvt Ltd imports all its products from Germany, the facilities at FTWZ will be utilized for storing of components, sorting into customer & order-specific lots, re-packing and labelling for individual dispatches to various customers in India and overseas market.

The company intends to increase the export share of revenue using the facilities at FTWZ. The company wants to reach the export share to almost 20% in few years' time to benefit from the net foreign Exchange. Furthermore, the export of imported material will help to reduce the cost of the products. This will make the company both competitive in the export market as well as improve the margin, due to lower costs.

The project costs (for next 05 years):-

Project Purchases (Import+Indigenous) and Trading Expenses are 4748.03 \$'000.

Projected Profitability for next 05 years will be 478.49\$'000.

The applicant has projected the FOB value of exports of **Rs.8822.41 Lakhs** and **NFE of Rs.1837.39 Lakhs** over a period of 5 years with employment generation to **2 persons**.

The Proposal of the unit for setting up a new unit at Arhsiya FTWZ is placed before the Approval Committee for consideration.
