

Record of discussion in the Open House Meeting with Developers and Units held under the Chairmanship of Development Commissioner, SEEPZ-SEZ on 11th February, 2015.

Attendance: As per list Attached.

The following issues were discussed:-

1. Shri Ganesh Thapa, Custodian, MMTC Limited raised the issues:-
 - a. Custom duty refunds to the Jewellery units concerned is getting inordinately delayed due to the requirements of e-BRC made mandatory by MMTC management in terms of DGFT Public Notice No. 25 (RE-2013)/2009-2014. In this regards, clarification from the DC office has been sought by us as to whether in SEEPZ-SEZ, the requirement of submitting e-BRC as 'Proof of Export' is mandatory or not for of custom duty.
 - b. Most of the Airlines, particularly, Singapore Airlines, have preponed their cut-off time for acceptance of documents, which has been resulting in frequent off-loading instances. In order to avoid the same, we propose to pre-pone export parcels accepting time up to 6.30 p.m. instead of 7.00 p.m. above preponement is all the more necessary as it is understood that many Airlines have now starting screening each and every parcel before accepting/loading the same.
 - c. Presently, at Sahar Airport, all the parcels, whether Valcargo, general or miscellaneous parcels, are being dealt with collectively at the same channel. To avoid any untoward incident, it is proposed that a time slot be allotted for dealing only the Valcargo at the Airport.

It was advised to take up the matter by writing a detailed representation to DC office, as it does not relate to units.

2. Representative from M/s. Mastek ltd. raised issues on:-
 - Cleanliness in surrounding areas
 - Delay in issuance of gate pass and problems in the functioning of the gate pass machines.
 - **As regards cleanliness issue, it was informed that SDF VII is maintained by MIDC. However the matter will be taken up with them.**
 - **Unit has been advised to give specific names of the officers who have not attended to their complaint.**

[Action: MIDC]

3. Representative from M/s. Accenture requested whether they can apply for list of default services at the time of New Unit Application.

It was clarified that the matter is under examination.

4. Representative from M/s. Serene Properties developers states that SEZ Port code does not appear on the SEZ Online.

The matter will be referred to NSDL & ICEGATE to resolve the issue.

[Action: NSDL]

5. Representative from M/s. DHL

- Integration of ICEGATE and SEZ Online.

It was clarified that:-

- Integration of ICEGATE and NSDL is completed and will be implemented very soon in the Zone.

(P. S. Raman)

Jt. Development Commissioner,
SEEPZ-SEZ
