3. The representative from SGJMA stated that the examination center is available from 02.30 to 07.30 for assessment of the cargos at CWC at Gate No. 2. However there are connectivity issues and sufficient IT infrastructure is also not available at the centre.

It was clarified the IT - Connectivity issues will be resolved in a week's time.

4. The representative from M/s. Sunjewels Pvt. Ltd. raised an issue regarding assaying of precious metal import parcels in SEEPZ Post Office. As per public note 99 dated 05.09.2014 manual assaying of Import parcel in MMTC is stopped.

There is no provision in case if import parcel came in SEEPZ Post Office and custom officer ask to make Assaying on precious metal Import Parcel. In one case they took permission from customs to carry representative sealed sample for testing from the import consignment under customs preventive supervision.

However, the postal authority in the Zone did not allow us to complete customs examination of the goods and assaying to be done after drawing of the sample for testing.

Earlier such post parcels were cleared on manual assaying; the same is not possible as per public Notice-99 dated 05.09.2014. The unit requested for process and /or clarification on the above issue so they can clear the parcel without any hurdle.

The DC directed the Specified officer to examine the matter expeditiously.
