- b) After due evaluation of the technical Proposals, the Client shall notify the technically qualified Consultants regarding the date of financial Proposal opening by giving at least 3 days' advance notice on the e-procurement portal.
- c) The financial Proposals of only technically qualified Consultants shall be opened.

E. Evaluation and Comparison of Proposals

19. Confidentiality

- a) Information relating to the evaluation of Proposals and recommendation of contract award, shall not be disclosed to consultants or any other persons not officially concerned with the bidding process until the same is published officially on the e-procurement portal for information of all Consultants.
- b) Any effort by a consultant to influence the Client in the evaluation or contract award

decisions may result in the rejection of its Proposal.

20. Preliminary Examination of Proposals

- a) The Proposal Evaluation Committee constituted by the Client shall conduct a preliminary scrutiny of the opened Proposals at the beginning to assess the prima-facie responsiveness and record its findings thereof particularly in respect of the following:
 - that the Proposal is complete and duly signed by authorized signatory;
 - that the Proposal is valid for the period, specified in the Request for Proposals;
 - that the Proposal is unconditional and that the Consultant; and
 - any other specific requirements put forth in the Request for Proposals.
- b) Proposals failing to meet these preliminary requirements shall be treated as non-responsive and shall not be considered further for evaluation.

21. Immaterial Non-conformities

- a) The Proposal Evaluation Committee may waive non-conformities in the Proposal that do not constitute a material deviation, reservation or omission and deem the Proposal to be responsive;
- b) The Proposal Evaluation Committee may request the Consultant to submit necessary information or documents which are historical in nature like audited statements of accounts, tax clearance certificate, PAN, etc. within a reasonable period of time. Failure of the Consultant to comply with the request within the given time shall result in the rejection of its Proposal;
- c) The Proposal Evaluation Committee may rectify immaterial non-conformities or omissions on the basis of the additional information or documentation received from the Consultant.

22. Determination of Responsiveness

- a) The Proposal Evaluation Committee constituted by the Client shall determine the responsiveness of a Proposal to the Request for Proposals based on the contents of the Proposal submitted by the Consultant;
- b) A Proposal shall be deemed to be substantially responsive if it meets the requirements of the Request for Proposals without any material deviation, reservation, or omission where: -
 - i. "deviation" is a departure from the requirements specified in the Request for Proposals;
 - ii. "reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Request for Proposals; and

- iii. "omission" is the failure to submit part or all of the information or documentation required in the Request for Proposals.
- c) A "material deviation, reservation, or omission" is one that, if accepted, shall:-
- i. Effect in any substantial way the scope, quality, or performance of the subject matter of procurement specified in the Request for Proposals; or
 - ii. Limit in any substantial way, inconsistent with the Request for Proposals, the rights of the Client or the obligation of the Consultant under the proposed contract; or
 - iii. If rectified shall unfairly affect the competitive position of other Consultants presenting responsive Proposals;
- d) The Proposal Evaluation Committee shall examine the technical aspects of the Proposal in particular to confirm that all requirements of Request for Proposals have been met without any material deviation, reservation or omission;
- e) The Proposal Evaluation Committee shall regard a Proposal as responsive if it conforms to all requirements set out in the Request for Proposals, or contains minor deviations that do not materially alter or depart from the characteristics, terms, conditions and other requirements set out in the Request for Proposals, that is, there is no material deviation, or if it contains errors or oversights that can be corrected without any change in the substance of the Proposal;
- f) Proposals that are not responsive or contain any material deviation shall be rejected. Proposals declared as non-responsive shall be excluded from any further evaluation.

23. Non-conformities, Errors and Omissions

- a) Provided that a Proposal is substantially responsive, the Proposal Evaluation Committee may waive any nonconformity in the Proposal.
- b) Provided that a Proposal is substantially responsive, the Client, being SEEPZ, SEZ authority or authorized representative may request that the Consultant submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Consultant to comply with the request may result in the rejection of its Proposal.
- c) Provided that a Proposal is substantially responsive, the Proposal Evaluation Committee shall rectify quantifiable nonmaterial nonconformities related to the Proposal Price. To this effect, the Proposal Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non- conforming item or component.

24. Evaluation of Proposals

- a) Technical evaluation of proposals shall be carried out based on the criteria stipulated under 'Section 4 – Evaluation Criteria'. The evaluation committee shall not adopt any other criteria other than the ones already stipulated in the Request for Proposals.
- b) The evaluation of financial Proposal will include and take into account the GST payable on the services if the contract is awarded to the Consultant. The Consultant is required to include all applicable taxes in its price proposal. SEEPZ SEZ Authority will not be liable to pay any amount in addition to the quoted amount towards taxes.
- c) The Client's evaluation of a proposal may require the consideration of other factors, in addition to the Consultant's financial offer. These factors may be related to the characteristics, performance, and terms and conditions of Consultancy Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Proposals, shall be specified in 'Section 4 - Evaluation Criteria'.
- d) Consultants shall be asked to deliver presentation on their technical proposals as per the details provided in the **Data Sheet**. This presentation shall only cover contents of the technical proposals submitted by the Consultant. No marks shall be assigned to the presentation. The objective of the presentation round is to summarize the contents of consultant's technical proposal for better understanding of the evaluation committee.

25. Right to Accept Any Proposal and to Reject Any or All Proposals

The Client reserves the right to accept or reject any Proposal, and to cancel / annul the Bidding process and reject all Proposals at any time prior to contract award, without thereby incurring any liability to the Consultants for which the Client shall keep record of clear and logical reasons properly for any such action / recall of Bidding process. In case of cancellation / annulment, all Proposals submitted and specifically, Proposal securities, shall be promptly returned to the Consultants

F. Award of Contract

26. Award Criteria

The consultant obtaining the highest combined evaluation score i.e. sum of weighted technical and financial scores shall be considered for award of contract.

27. Notification of Award

- a) Prior to the expiration of the period of Proposal validity, the Client shall notify the successful Consultant, in writing, that its Proposal has been accepted. The notification letter (hereinafter and in the Conditions of Contract and Contract Forms called the "Letter of Acceptance") shall specify the accepted contract price. The

expected date of award of contract is as stipulated under **Data Sheet**.

- b) Until a formal Contract is prepared and executed, the Letter of Acceptance shall constitute a binding Contract.

28. Performance Security

- a) Within sixty (30) days of the receipt of Letter of Acceptance from the Procuring Entity, the successful Bidder shall furnish the Performance Security in the form of a bank guarantee or demand draft or electronic transfer in the name of SEEPZ SEZ Authority of the amount specified in the BDS.
- b) Failure of the successful Bidder to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security/debarment as per bid security declaration. In that event the Procuring Entity may award the Contract to the next lowest Bidder, whose bid is substantially responsive and is determined by the Procuring Entity to be qualified to perform the Contract satisfactorily.
- c) The validity of the performance security shall be for a period of 45 days beyond the date of completion of all contractual obligations.

29. Other Statutory Requirements

Successful Consultant shall be required to fulfill insurance and other statutory requirements including submission of signed undertakings assuring compliance with the various standards stipulated in the conditions of contract. Failure of the successful Consultant to submit the same shall constitute sufficient grounds for the annulment of the award. In that event the Client may award the Contract to the next highest evaluated Consultant, whose Proposal is substantially responsive and is determined by the Client to be qualified to perform the Contract satisfactorily.

30. Signing of Contract

Promptly after notification of Award, the Client shall send the successful Consultant the Contract Agreement. Within twenty-eight days of receipt of the Contract Agreement, the successful Consultant shall sign, date, and return it to the Client.

Annexure I - Instructions for Online Proposal Submission

Consultants are required to submit soft copies of their Proposals electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the Consultants in registering on the CPP Portal, prepare their Proposals in accordance with the requirements and submitting their Proposals online on the CPP Portal.

REGISTRATION

1. Consultants are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://eprocure.gov.in/eprocure/app>) by clicking on the link "Online Consultant Enrollment" on the CPP Portal which is free of charge.
2. As part of the enrolment process, the Consultants will be required to choose a unique username and assign a password for their accounts.
3. Consultants are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPPP.
4. Upon enrolment, the Consultants will be required to register their valid Digital Signature Certificate (Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g.Sify / nCode / eMudhra etc.), with their profile.
5. Only one valid DSC should be registered by a consultant. Please note that the Consultants are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
6. Consultant then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS

5. There are various search options built in the CPP Portal, to facilitate Consultants to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the Consultants may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.
6. Once the Consultants have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the Consultants through SMS / e-mail in case there is any corrigendum issued to the tender document.
7. The Consultant should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF PROPOSALS

1. Consultant should take into account any corrigendum published on the tender document before submitting their Proposals.
2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the Proposal. Please note the number of covers in which the Proposal documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the Proposal.
3. Consultant, in advance, should get ready the Proposal documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Proposal documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every Proposal, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the Consultants. Consultants can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a Proposal, and need not be uploaded again and again. This will lead to a reduction in the time required for Proposal submission process.

Note: My Documents space is only a repository given to the Consultants to ease the uploading process. If Consultant has uploaded his Documents in My Documents space, this does not automatically ensure these Documents being part of Technical Proposal.

SUBMISSION OF PROPOSALS

1. Consultant should log into the site well in advance for Proposal submission so that they can upload the Proposal in time i.e. on or before the Proposal submission time. Consultant will be responsible for any delay due to other issues.
2. The Consultant has to digitally sign and upload the required Proposal documents one by one as indicated in the tender document.
3. Consultant has to select the payment option as "offline" to pay the tender fee / EMD as applicable and enter details of the instrument.
4. Consultant should prepare the EMD as per the instructions specified in the tender document. The original should be posted/couriered/given in person to the concerned official, latest by the last date of Proposal submission or as specified in the tender documents. The details of the DD/any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during Proposal submission time, otherwise the uploaded Proposal will be rejected.

5. Consultants are requested to note that they should necessarily submit their financial Proposals in the format provided and no other format is acceptable. If the price Proposal has been given as a standard BoQ format with the tender document, then the same is to be downloaded and to be filled by all the Consultants. Consultants are required to download the BoQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the Consultant). No other cells should be changed. Once the details have been completed, the Consultant should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the Consultant, the Proposal will be rejected.
6. The server time (which is displayed on the Consultants' dashboard) will be considered as the standard time for referencing the deadlines for submission of the Proposals by the Consultants, opening of Proposals etc. The Consultants should follow this time during Proposal submission.
7. All the documents being submitted by the Consultants would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of Proposal opening. The confidentiality of the Proposals is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any Proposal document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/Proposal opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized Proposal openers.
8. The uploaded tender documents become readable only after the tender opening by the authorized Proposal openers.
9. Upon the successful and timely submission of Proposals (i.e. after Clicking "Freeze Proposal Submission" in the portal), the portal will give a successful Proposal submission message & a Proposal summary will be displayed with the Proposal no. and the date & time of submission of the Proposal with all other relevant details.
10. The Proposal summary has to be printed and kept as an acknowledgement of the submission of the Proposal. This acknowledgement may be used as an entry pass for any Proposal opening meetings.

ASSISTANCE TO CONSULTANTS

1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
2. Any queries relating to the process of online Proposal submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk.

Consultants may avail the free training on the use of e-procurement system as per the

schedule published at the following link: <https://eprocure.gov.in/cppp/trainingdisp>. In case of any further queries, please contact Shri Vikram Satre at +91-82865-87409 during office hours i.e. between 10 AM till 6 PM on weekdays.

Section 4 – Evaluation Criteria

This Section contains all the criteria that the SEEPZ SEZ Authority shall use to evaluate Proposals and qualify the Consultants in accordance with ITC25. No other factors, methods or criteria shall be used for the purpose of evaluation.

Assessment of Eligibility

The consultant's proposals shall be first assessed for eligibility based on the eligibility criteria stipulated in Data Sheet (ITC 4b). Only those consultants who are found to be eligible as per the stipulated criteria shall be considered for evaluation of technical proposals.

Technical Evaluation Process

1. Preliminary Examination of Proposals and Determination of Responsiveness

The evaluation committee shall carry out the preliminary examination of Proposals and shall determine the responsiveness of Proposals based as per the procedure stipulated under ITC19, 20, 21 and 22.

2. Evaluation Criteria

The SEEPZ SEZ Authority shall evaluate the technical proposals on the basis of the following criteria:

SN	Criterion	Weightage	Scoring Logic
1	Consultancy Firm's specific experience in providing Fire & Life Saving Services to SEZs / EPZs / Industrial Clusters or other large government projects involving infrastructure development as well as operations.	30%	<ul style="list-style-type: none">• Up to 20 marks for similarity and relevance of past experience.• Up to 10 marks for scale of project.
2	Approach, Methodology and Work Plan	30%	Up to 30 marks for how well the proposed A&M responds to SEEPZ's needs (desirability w.r.t. SEEPZ's needs, feasibility w.r.t. practical constraints, and viability w.r.t. availability of time, information & requirement of SEEPZ's efforts)

			The technically qualified Consultancy shall present a presentation for the criteria.
3	Qualification and relevant experience of key staff	30%	<ul style="list-style-type: none"> • Team Leader: 10 marks • Fire Safety Engineer / Specialist: 10 marks • Facility Management Expert: 5 marks • Project Manager: 5 marks
4	Transfer of Knowledge	10%	<ul style="list-style-type: none"> • Up to 5 marks for consultant's understanding of client's organization structure. • Up to 5 marks for how realistic the proposed knowledge transfer plan is.

While evaluating the key experts' CVs, 40% weightage shall be given for their educational qualifications and remaining 60% for relevance of their work experience. The client reserves the right to assign zero marks to any key expert not meeting the minimum requirements stipulated in the Terms of Reference, and to seek replacement of the proposed key expert with a better qualified expert in case the consultant is selected for award of contract.

Consultants must ensure that the documentary evidence submitted by them as part of their technical proposal must provide necessary information in adequate details to establish the facts without a scope for doubt. Any scanned documents being submitted must possess adequate resolution to ensure legibility without confusion. In case any information necessary for establishing Consultant's qualifications is not clear from the documents submitted, the evaluation committee's interpretation in that regard shall be final. Incomplete or unclear documents may lead to disqualification of the Consultant.

The minimum qualifying technical score is 75 out of 100. Financial proposals of only those consultants shall be opened who obtain at least 75 marks in the technical evaluation.

Combined Evaluation Process (QCBS)

1. Weights for Quality and Cost

For the purpose of combined evaluation, the following weights shall be considered:
 Technical Score: 70%; Financial Score: 30%

2. Calculation of weighted technical score

For calculation of weighted technical score, consultant's technical score out of 100 shall

be multiplied by a factor of 0.70. Thus, for example, a consultant obtaining 80 marks out of 100 in its technical evaluation would have a weighted score of 56 out of 70.

3. Minimum qualifying technical score

Only those consultants who obtain at least 75 marks out of 100 in the technical evaluation process shall be eligible for financial bid opening.

4. Calculation of weighted financial score

For calculation of financial score, the lowest financial proposal shall be accorded a financial score of 100 out of 100 and all other bidders shall be given proportionate scores. An illustrative example is provided below:

Consultant Name	Price Quoted	Financial Score out of 100
Consultant A	Rs. 50,00,000	$= \frac{40,00,000}{50,00,000} \times 100 = 80$
Consultant B	Rs. 40,00,000	100
Consultant C	Rs. 60,00,000	$= \frac{40,00,000}{60,00,000} \times 100 = 66.67$

After calculating the financial score out of 100, the weighted financial score shall be calculated by multiplying the financial score by a factor of 0.30. Thus, for example, a consultant obtaining 80 marks out of 100 would have a weighted financial score of 24 out of 30.

5. Combined evaluation and recommendation for award of contract

The combined evaluation score shall be the sum of weighted technical and weighted financial scores. An example of weighted scores and combined scores is given below:

Consultant	Technical Score	Weighted Technical Score (0.70)	Financial Score	Weighted Financial Score (0.30)	Combined Score
A	80	56	100	30	86
B	90	63	90	27	90

The consultant obtaining the highest combined score shall be recommended for award of contract by the evaluation committee.
