INVITATION FOR : एक पेड़ मां के नाम

03-09-2024

On the occasion of the World Environment Day, this year, i.e June 5, 2024, Hon'ble Prime Minister Shri Narendra Modi launched a Global Campaign एक पेड़ मां के नाम Plant4Mother. The Hon'ble Prime Minister exhorted people to plant trees as a mark of love and respect for one's own Mother, and for protecting and preserving Mother Earth.

The एक पेड़ मां के नाम Plant4Mother campaign is a heart warming initiative that combines the values of love, care, and environmental responsibility. By planting trees in honor of our mothers, we not only celebrate their selfless devotion but also contribute to a greener, more sustainable future.

The campaign highlights the vital role mothers play in nurturing life and fostering growth.

- (a) Planting trees symbolizes the enduring bond between mothers and their children, as well as our connection to the natural world.
- (b) Trees provide shade, shelter, and sustenance, mirroring the unwavering support and care that mothers offer.
- (c) The campaign promotes environmental stewardship, encouraging individuals to take small steps towards a larger positive impact.

The एक पेड़ मां के नाम Plant4Mother campaign is a beautiful tribute to the power of motherly love and a reminder of our responsibility to protect the planet. As we plant trees and share our stories, we honor the Mother who shape our lives and contribute to a brighter, more sustainable future for generations to come.
